

SHANGHAI-HONGKONG UNIVERSITIES ALLIANCE SYMPOSIUM • 2026

RESILIENT AND SMART URBAN MOBILITY FOR SUSTAINABLE CITIES

DATE

**Friday, 13 November
2026**

TIME

08:30 – 17:40
Registration from 08:30

VENUE

Room HJ202
The Hong Kong Polytechnic University,
Hung Hom, Kowloon

The symposium brings together **twelve invited presenters from nine universities** in Shanghai and Hong Kong for a one-day exchange of current research on urban mobility.

THEMES

- Traffic network control and connected vehicles
- Adaptive operations of public transport
- Traffic and travel modelling for resilient mobility
- On-demand mobility

INVITED PRESENTERS

SHANGHAI

Keshuang Tang

Tongji University

SelectLight: Learning to Select Signal Plans Generated by Distributed Model Predictive Control for Urban Traffic Networks

Hong Zhu

Tongji University

Semantic Prior-Enhanced Multimodal Travel Chain Generation

Linjun Lu

Shanghai Jiao Tong University

Resilience Analysis of Urban Traffic Systems under Extreme Adverse Weather Conditions

Wenzhe Sun

University of Shanghai for Science and Technology

From One-Size-Fits-All to Differentiated Public Transportation Services: Innovative Fare and Service Design within a Choice-Driven Optimization Framework

Zhibin Chen

New York University Shanghai

Dynamic Control Protocol for Connected Commercial Fleets

Yangbeibei Ji

Shanghai University

A Novel Multilayer Congestion Percolation Modeling and Hierarchical Perimeter Control for Large-scale Road Networks

HONG KONG

Weihua Gu

The Hong Kong Polytechnic University

Stability and Optimal Design of Adaptive Linear Bus Holding on Open Chains and Loops

Wei Ma

The Hong Kong Polytechnic University

Network-Wide Traffic Flow Estimation Under Recurrent and Non-Recurrent Traffic Conditions

Wei Liu

The Hong Kong Polytechnic University

Low-altitude Drone Logistics: Infrastructure Network Planning and Service Network Design

Jintao Ke

The University of Hong Kong

Learning and Optimizing Broadcasting Strategy in Ride-Hailing Systems

Andy Chow

City University of Hong Kong

Adaptive Multi-Modal Transit Operations Under Rail Disruption

Sen Li

The Hong Kong University of Science and Technology

The Impacts of Data Privacy Regulations on Meal-Delivery Platforms
